

Painel Admin - Trocar Senha

Em qualquer página do painel, um botão com o nome do seu usuário irá aparecer no canto superior direito, com as opções de trocar a senha e sair.

Caso você queira trocar a senha, basta preencher os campos necessários corretamente.

The screenshot displays the GK2 Cloud dashboard interface. A modal window titled "Trocar sua Senha" (Change your Password) is centered on the screen. The modal contains three input fields, each with a placeholder example and a "Preencha esse campo" (Fill this field) instruction:

- Field 1: "Digite sua senha atual" (Enter your current password). Placeholder: "Ex: Senha atual".
- Field 2: "Digite a nova senha" (Enter the new password). Placeholder: "Ex: Nova senha".
- Field 3: "Repita a nova senha" (Repeat the new password). Placeholder: "Ex: Nova senha".

Below the input fields are two buttons: "Cancelar" (Cancel) in red and "Salvar" (Save) in green. The background dashboard shows a sidebar with navigation links (Home, Administradores, Panel Designer, SEO, Sites, Gerenciar Painel), a top bar with the user "Administrador", and a main area with a line chart and a table.

Se você está com problemas em trocar a sua senha, entre em contato conosco.
